

★ SCROLL 4 — DRAGON GATES: ARCHETYPAL PASSAGE

Movement I — The Hymn of the Twelve Gates

Movement II — The Archetypal Blueprint

★ MOVEMENT I — THE HYMN OF THE TWELVE GATES

The Passageways of Identity, the Currents of Becoming

Before the initiate can embody the Christ-Dragon Light Body,
before the breath of *The Sophia* moves through their form
with the full force of remembrance,
they must pass through the Twelve Gates.

These gates are not obstacles.

They are not tests.

They are not barriers.

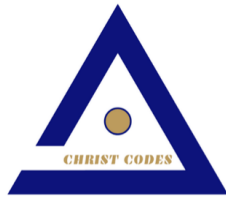

They are **mirrors**.

Each gate reflects an aspect of the Soul
as it descends from the Absolute
into form.

Each gate reveals a facet of *The Sophia*
as She expresses Herself
through the human experience.

Each gate is a doorway
into a lineage of Light.

To reach the Zodiacal Lineages,
one must first pass through the Twelve Soul Gates,
for the Gates are the thresholds through which
the Lineages reveal themselves.

CHRIST CODES®

For the Twelve Gates
are the Twelve Lineages
of the Zodiacal Sophia —
the archetypal currents
through which the 288 emanations
take form.

These gates are not external.
They are internal.
They are woven into the architecture
of the Soul.

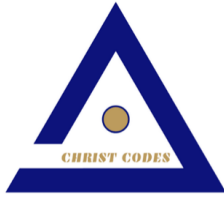

They are the way the Absolute
experiences Itself
through identity.

The Dragon Gates are the passageways
through which the initiate remembers:

- their origin
- their lineage
- their archetype
- their purpose
- their embodiment
- their return

Each gate is a flame.
Each flame is a lineage.
Each lineage is a facet of the One.

The Twelve Gates
are the Twelve Faces of the Sophia
as She moves through creation.

CHRIST CODES®

To pass through the Dragon Gates
is to remember
who you have always been.

★ MOVEMENT II — THE ARCHETYPAL BLUEPRINT

The Twelve Lineages of the Zodiacal Sophia

The Twelve Dragon Gates
are the twelve archetypal currents
through which the Soul incarnates.

They are not personality traits.
They are not astrological predictions.
They are **cosmic lineages** —
the pathways of the Absolute
into form.

They are the original patterns of identity
through which the Soul remembers itself.
